WELCOME

Dear Show Visitors,

Welcome to the Royal Windsor Flower Show, the biggest annual event of the Royal Windsor Rose & Horticultural Society.

The theme of this year's Show is Patterns in Nature. Inspired by Our Patron His Majesty The King's passionate advocacy for Nature found in his book *Harmony: A New Way of Looking at Our World*.

Our overall aim for the Flower Show is to bring together a community of like-minded people to enjoy some of life's simple pleasures, namely gardening, nature, cooking and traditional crafts. We feel it's more important than ever for individuals, families and especially children to get away from those highly addictive screens and spend time having fun outdoors.

Britain's best loved gardener, Alan Titchmarsh, Honorary President of the RWRHS, will be joining us, along with a raft of other remarkable talent from the worlds of gardening, cookery and craft.

The day is full of inspiration, insights and fun, and we hope you find time to enjoy as much of it as possible.

Chair RWRHS

The Royal Windsor Flower Show raises funds for the Royal Windsor Rose & Horticultural Society whose purpose is to create, deliver and support charitable projects in our local community.

This year we engaged over 1,000 children through our school gardening and craft initiatives delivered by local company Little Muddy Boots and partner charity Busy Buttons CORE.

A sincere thank you to our wonderful sponsors, supporters, volunteers and all our visitors. We couldn't do it without you!
