WELCOME

Welcome to the Royal Windsor Flower Show, the largest annual event of the Royal Windsor Rose & Horticultural Society.

The theme of this year's Show is 'Rooted in Nature', once again inspired by Our Patron, His Majesty The King's, passionate advocacy for nature, as explored in his book *Harmony: A New Way of Looking at Our World* and the recent documentary *Finding Harmony: A King's Vision*.

This year, we have been deeply honoured by The Duchess of Edinburgh agreeing to co-design our central garden feature with designer Alan Williams of Landform Consultants. This brilliant collaboration has resulted in an exciting and dynamic space called 'The Plants With Purpose Garden', which highlights the importance of healthy soil and a deeper understanding of how food is grown. The garden also reflects The Duchess's love of gardening and her passion for encouraging people to grow plants with purpose.

Your tickets, and support of the Show, go a long way towards enabling us to deliver our new Nature Studies Programme, launched earlier this year to support local primary schools. Thank you!

The programme, delivered by horticultural experts Little Muddy Boots, provides year-round education in gardening, nature, and bushcraft skills, helping children build a lasting connection with the natural environment.

The day is full of inspiration, insight, and fun, and we hope you find time to enjoy as much of it as possible.

The Royal Windsor Flower Show raises funds for the Royal Windsor Rose & Horticultural Society whose purpose is to create, deliver and support charitable projects in our local community.

Thanks to the surplus generated through your support last year, we were able to fund two primary schools for a full year in our Nature Studies Programme, while also supporting more than 1000 children through our show gardening and craft programmes. Every child given the chance to learn, create and connect with nature is a seed planted for the future – and from small seeds, great trees grow. Your generosity is helping young people flourish in confidence, curiosity and care for the world around them.

A sincere thank you to our wonderful sponsors, supporters, volunteers and all our visitors. We couldn't do it without you!

HORTICULTURAL SOCIETY**
